Visit us at www.balancedreadinginstruction.com

The mission of the Balanced Reading Instruction (BRI) Special Interest Group (SIG) of the International Reading Association (IRA) is to provide a forum for those professional literacy educators who share the philosophy of balanced reading instruction, which is grounded in the beliefs that

“There is no single method, or single combination of methods that can successfully teach all children to read. Therefore, teachers must have a strong knowledge of multiple methods for teaching reading and a strong knowledge of the children in their care so they can create the appropriate balance of methods needed for the children they teach.”
